Our annual for 1962 is built around the theme of King High School. We use the words of our School Song to present the different phases of our daily school life. We hope that this annual may serve as a reminder of our past school days, and will continue to bring memories in the years to come.

Ours is the best high school in the land.
Divided we'd fall, but united we stand.

Our teachers are an important part of our school, in fact, they are the essence of the school. Long after our days at King High School have ended, memories of our capable faculty will continue to linger in our minds.

Oh, dear Old King High, we love, we always will.
When we've grown old, we'll think of you still.

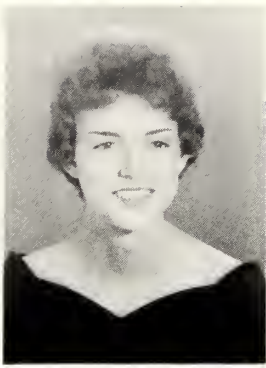

During our years at King High we have been members of various clubs. In these clubs we have learned to work and play together and they have become a way of furthering our education outside the classroom.

The pitchers are warming up for the County Championship.

Frankie Barr, Thurman Dodson, Johnny Shore and Gerald Boyles take time out from the ballgame to pose for us.

Our Team is at bat, these players anxiously await their turn at bat.

Our catcher, Donald Bowles, is always watching for a chance to get that person on third base out.

He's out! Thurman.

J.R. Beasley

Every human being, created in the image of God, is endowed with a power akin to that of the Creator—Individuality, power to think and do. The men in whom this power is developed are the men who bear Responsibilities, who are leaders in enterprise, and who influence Character. It is the work of true education to develop this power; to train the youth to be thinkers, and not mere reflectors of other men's thought. Instead of confining their study to that which men have said or written, let students be directed to the sources of truth, to the vast fields opened for research in nature and revelation. Let them contemplate the great facts of duty and destiny, and the mind will expand and strengthen. Instead of educated weaklings, institutions of learning may send forth men strong to think and to act, men who are masters and not slaves of circumstances, men who possess breadth of mind, clearness of thought, and the courage of their convictions.

Such an education provides more than mental discipline; it provides more than physical training. It strengthens the Character, so that truth and uprightness are not sacrificed to selfish desire or worldly ambition. It fortifies the mind against Evil. Instead of some master passion becoming a power to destroy, every motive and desire are brought into conformity to the great principles of Right. As the perfection of His character is dwelt upon, the mind is renewed, and the soul is recreated in the image of God.

What education can be higher than this? What can equal it in value?

Tribute to King High School

SCHOOL SONG

Ours is the best high school in the land.
Divided we'd fall; but united we stand.
We'll be loyal to the end.
On that, King High, you can depend.
Oh, dear old King High, we love; we always will
When we've grown old, we'll think of you still.
While our children live again,
The days that we once spent here.

We have a team that really is great,
One that is free from hard feelings and hate.
When our team walks on the floor,
You can hear the fans all roar.
"Rah! Rah! Rah! Come on, King High,
We know you can win; because you have won again
and again.
If you lose, a smile you'll wear,
'Cause you know the game was fair."

Our Eagle stands so sure and so free;
He is a symbol of our loyalty.
Never will we lose the trust,
That you, King High, have placed in us.
And then when we have left and gone on our way.
We will forever hope and we'll pray,
Though we're leaving, we'll ne'er forget.
The lessons that we learned here.
